1. Product Name: Electric Ball Pump

2. Model：BAP100

3. Performance Parameters：

    1) Press the lighting switch key to toggle the lighting on/off；

    2) Press the air pump switch for 2 seconds to turn on, the indicator light will be blue. After turning on, press the air pump switch again to turn off；

    3) Battery Capacity: 3.7V / 1200mAh; Battery Type: 18650；

    4) Working Time: Approximately 60 minutes；

    5) Charging Time: Approximately 3 hours；

    6) Maximum Inflation Pressure ≥ 18 psi；

    7) No-load Flow Rate > 7.0L/min；

    8) Noise ≤ 65dB；

    9) Power: 6W；

    10) Low Battery Warning: The blue light is on when the air pump is working normally, and the red light is on when the battery level is below 20%；

    11) Charging Indicator: Red light on during charging, blue light on when fully charged；

    12) Waterproof Rating: IPX4；

    13) Product Dimensions: 734192mm；

    14) Color Box Dimensions: 1205590mm；

    15) Carton Dimensions: 390365400mm (72PCS per carton)；

    16) Individual Product Net Weight/Gross Weight: 0.211kg/0.256kg；

    Net Weight/Gross Weight per Carton: 15.2kg/19.5kg；

4. Compliance with Design：

    1) ROHS Environmental

    2) GB/T 2423.8-1995 Free Fall

    3) CE EMC EU Conducted Emissions

    4) FCC US Conducted Emissions
